Policy Document for Green Campus and Environmental Initiatives

In keeping with its vision and mission, Sarada Vilas College has prioritized and is passionate about adopting green ideas on campus. Our main goal is to increase student understanding of green practices and inform stakeholders. The Institution conserves natural resources, manages water resources, waste, solar and electric energy, and provides paper that is environmentally friendly and consumes the least amount of paper. The institution uses the subsequent processes to develop and maintain a green and environmentally friendly campus. The processes are as follows-

- **Water Management**

- Use efficient management strategies to conserve water and decrease usage.

The college has always used rainwater gathering and recycling as a technique to address and manage challenges with future water scarcity.

Regularly check taps for drainage and rectify any issues right immediately to avoid losing drinkable water.

- **Waste Management**

- Prevent the usage of plastics in the campus.

Spread the awareness amongst society about the waste management for the ecosystem and methods for its disposal.

- Promote the efforts for the conversion of waste into renewable energy.
